

Hello! Ralph & Sherry!

In this Summer, I could not have vacation even in oneday, because my company's job was very very busy.

My personal business for Video was little a bit faded out and dissolved in FILM.

But Don't worry Be happy!

Your Synthesizer will run soon.
in TOKYO

NOW. I think, I had better to go to BGM, with this synthesizer, maybe End of this year,

~~But~~ (NAM JUNE was in TOKYO middle of August, and he saw your Synthesizer. it was most strong proof for you.)

It is ~~not~~ sure ~~but~~, now. I am looking for low cost air flight from TOKYO to N.Y. (Dec. 26 to JAN 5~7.)

And, I need your letter for immigration office.

and, also need, 2 sheets of \$600 Bank CHECK.
~~before~~ I go.

And one package I left in your studio will move at last? maybe, I could try to kick Your Ass only onetime.

next month I will send a letter.
